## PRESTIGE GROUP

Prestige, where belief blends with persistence. We believe in the might and potential of Indian agriculture. Belief has been the single most guiding force in our endeavor for excellence. In 1977, PRESTIGE Group started with an Animal Feed Milling Plant and in 1980-81 ventured into Soybean Processing Solvent Extraction Plant followed by Edible Oil Refining Industries. Since that humble beginning we have now expanded in to diversified areas to become an agribusiness conglomerate in the last four decades with an aggregate processing capacity of about a million tonnes per annum.

PRESTIGE is more than just a name for us. We believe that every action of ours should justify the name we carry, and we carry it with pride, pride of being called PRESTIGE. With his belief and vision our founder chairman Padma Shri Dr. N. N. Jain identified the potential of agriculture processing and started the first solvent extraction plant in 1980. Since then we have come a long way and diversified into fields like Oil Seeds, Soybean and Edible Oil Processing, Wheat Milling, food products, Agri processing, feed products, fabrication and engineering, commodity trading and Education. In the last four decades we have established ourselves as India's leading export house with presence in more than 40 countries. PRESTIGE Group is known worldwide for fair dealings, ethics, quality, products and services. Our vision and name capture the essence of what we are. With our experienced Human Resource, we want to be known for reliability, responsiveness, innovation and exemplary citizenship.

Our mission is to contribute to the qualitative progress and welfare through the provision of value-added products, services and technology. We strive to provide income generating opportunities and inclusive growth of the farming community, as well as agricultural enterprises. The Prestige Institute, Prestige group of industries is a 42-year-old business conglomerate involved in two primary activities viz The Soy Industry from the farm to the plate and the education sector from KG to PG and beyond.

# PRESTIGE GROUP

The group headed by **Dr. N. N. Jain** it's octogenarian Chairman is managed by a team of highly qualified professionals guided by **Dr. Davish Jain** and **Mr. Dipin Jain**, the sons of Dr. N.N. Jain. The Prestige Education Society, (now foundation) was created in 1994 and celebrates its silver jubilee this year to mark 25 years of operation of Prestige Institute of Management and Research, Indore. The other locations of Prestige Institute are Dewas, Gwalior. In addition, an Institute of Engineering and Secondary schools are operated by the group.

Prestige Group of Industries with an objective to meet the widely felt need for globally oriented Management and Information Technology education and training for professionals. The Institute has grown to be recognized as a premier Institute for higher learning. It is a major learning centre in Central India. The Institute has approval of All India Council for Technical Education & the State Government.

In its most recent announcement, the Prestige Education Society has embarked on a project to set up a University to be known as the Prestige University (PU). As it focuses on empowering the society and has footprint in management, technical and school education in central India. The Prestige University is an ambitious project planned on a 35 Acre prime plot on the Indore-Ujjain Highway. The total outlay is expected to be in the range of Rs.250 crores.

We intend to provide techno commercial and industry relevant courses, imparting a blend of theory and practice within a state-of-the-art infrastructure, Identify the best in the world/class University offering the program and enter a technical collaboration to be a mentor and guide PU in best practices and course content along with relevant pedagogical tools. It would arrange to provide on lien faculty for formative years.

## A Joyous Christmas Celebration at PIMR Brings Festive Cheer to Campus

The PIMR was adorned with twinkling lights, festive decorations, and the sounds of laughter and carols as students and faculty came together to celebrate Christmas with joy and enthusiasm.

The college campus transformed into a winter wonderland as students organized a variety of festive activities and events to mark the occasion. The day kicked off with a heartwarming Christmas tree lighting ceremony, where students gathered around the beautifully decorated tree to witness the illumination that symbolized the start of the holiday season.

This Christmas celebration at PIMR truly exemplified the spirit of joy, unity, and giving, bringing a festive glow to the hearts of all who participated.

## PIMR Logo Revealed

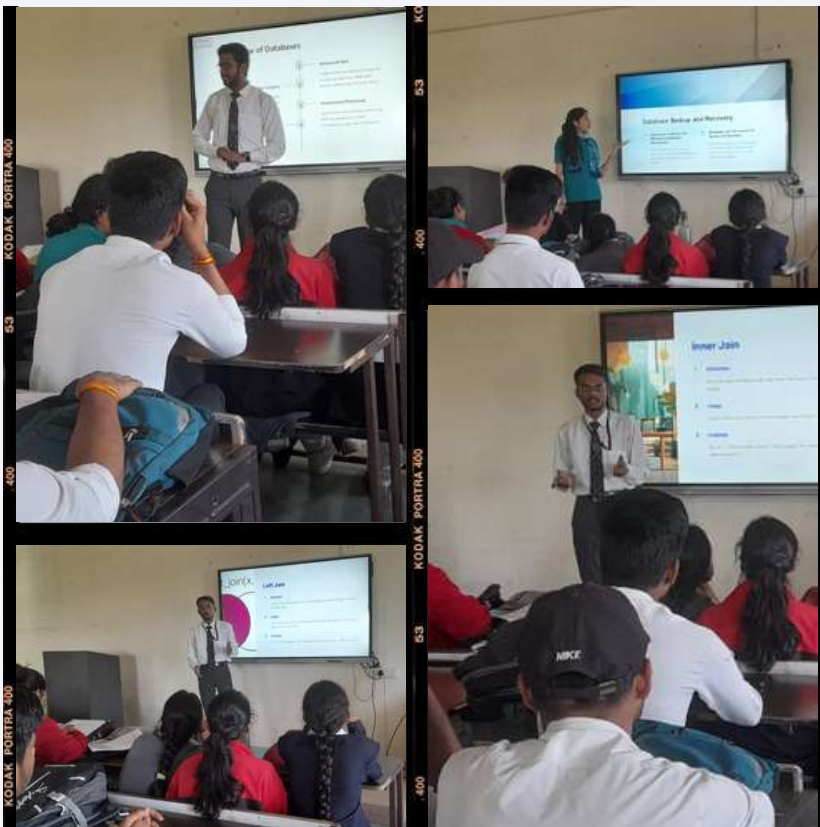

The logo of PIMR was revealed by the Honourable Chairman Sir Dr. Davish Jain in an Prestige Corporate and Strategic meet organized at Bhopal. The logo of all the institutes PIMR Indore, PIMR Bhopal, PIMR Dewas and PIMR Gwalior has been changed to new logo which represent the progress of the student with the completion of the Degree. The tag line Learn to Lead states that we at PIMR will the trained the students so that they can lead their organization and India.

of Management &  
Research, Bhopal**

## Assessment

In today's educational landscape, the importance of assessments goes beyond traditional evaluations. Assessments play a pivotal role in shaping not only academic outcomes but also in preparing individuals for success in their professional journeys. We at PIMR believe that assessment thru presentations contribute to Development in Communication Skills, Critical Thinking, Data Representation, Time Management, Teamwork etc in development of students. This is the routing method used by PIMR for the assessment in every subject.
